## DAFFODILS

I have meant each time, when I have written you, to tell you how fine the Sir Watkin Daffodils are this year. We haven't lost one bulb. Quite a number have come with two or more flowers. They are really the best Daffodils we have ever had. The stems are all twenty inches and some of the flowers are a little over four inches across. These are actual measurements. I have just picked a bunch and measured them.

KATHERINE L. RALPH,

John Ralph's Greenhouses, Saratoga Springs, N. Y.

We expect again to have the best Northwestern grown stock in varieties that have proven best. Among these are:

King Alfred, Minister Talma, Sir Watkin, Emperor, Poeticus Ornatus, Laurens Kisters, etc.

Speaking of

## "DUTCH BULBS"

You buy Lilies, Valley and other imported bulbs from American firms, why not Tulips, Hyacinths and other Dutch Bulbs?

Our customers always knew it, but last year definitely proved to all that we delivered Dutch Bulbs equal to the best from any direct (?) source, and better than many. Our prices in numerous instances were not only equal to, but less than foreign sources.

Buying the large quantities that we do, we, naturally, are able to insist upon and get stock of the best quality obtainable.

Our reputation of 37 years of square dealing stands back of our sale of these bulbs, as it does of every other item we sell.

Send us a list of your requirements or give it to our salesman, and we will quote you at the earliest possible moment, guaranteeing price against an advance and giving you any benefit of a decline in the market up to time of delivery.

We fully realize that if we don't "deliver the goods," someone else will. Give us an opportunity to please you.

Sept. 29, 1933.

The Tulips and Hyacinths you have procured for us are all that one could expect. The prices are fine, and if we cannot produce the flowers and market them at a good profit, the blame will be ours, but we feel equal to it and are going ahead full speed and with confidence.

Consider yourselves "thanked" in advance of payment.

Sincerely yours,

JERRY TROTTIER, Manager,  
Westminster Greenhouses, Providence, R. I.
